SUMMARY

I am a highly dedicated and proactive engineer passionate about solving challenges and driving improvements. With a strong foundation in manufacturing processes, I specialize in optimizing designs for efficiency, functionality, and quality. My ability to manage projects, collaborate across teams, and implement innovative solutions helps enhance organizational standards. I seek the right opportunity to contribute my expertise, grow professionally, and work toward achieving impactful results.

WORK EXPERIENCE

Engineer - New Product Development

Jun 2024 - Present

Rapsri Engg. Products Pvt. Ltd. in Harohalli, Bengaluru.

- Developed 2D drafting and 3D models using CAD software such as SolidWorks and AutoCAD.
- Performed casting CFD analysis, including flow and solidification simulations, using ADSTEFAN.
- Designing dies, jigs, and fixtures for casting and machining operations.
- Preparing method cards, process sheets, and standard operating procedures (SOPs).
- Performing requirement analysis and concept development for new product designs.
- Executing material selection and applying design for manufacturability (DFMA) principles.
- Managing casting processes, including gravity die casting, shell moulding, continuous casting and sheet metal.
- Handling bushing design and development, including self-lubricating bronze bushes with graphite plugs.
- Overseeing post-casting operations, machining, and assembly feasibility checks.
- Conducting quality inspection, testing, and dimensional validation of cast and machined components.
- Preparing data analysis reports and maintaining technical documentation (PPAP).
- Collaborating with cross-functional teams — design, foundry, machining, and quality — to ensure smooth project execution.

Intern Trainee - Automotive Field

Dec 2023 - Jun 2024

Macbro Technology Pvt. Ltd. in Erode, Tamil Nadu.

- Proficient in CATIA V5 for part modeling, surface modeling, and assembly design.
- Designed plastic components with proper injection molding considerations.
- Applied DFM (Design for Manufacturability) and DFA (Design for Assembly) principles during product development.
- Performed reverse engineering to recreate and optimize existing parts.
- Studied and addressed plastic molding defects through design modification and process understanding.
- Created PowerPoint proposals and design presentations for concept reviews and design approvals.
- Completed an industrial project using CATIA V5 — Design and construction of an automotive door mirror, including modeling, assembly, and manufacturability study.

PROFESSIONAL SUMMARY

Engineer with expertise in casting, bushings, and plastic part design, skilled in CAD-based 3D modeling and product development. Experienced in gravity die casting, shell moulding, and injection molding processes, with strong knowledge of DFM/DFA, reverse engineering, and CFD analysis. Proven ability to independently manage New Product Development (NPD) projects from concept through prototyping and validation.

EDUCATION

Bachelor of Engineering in Mechanical Engineering Kongu Engineering College - Erode, Tamil Nadu. CGPA: 9.42/10.00	2020 - 2024
Higher Secondary Certificate St. Mary's Higher Secondary School - Karaikal, Puducherry. Percentage: 77%	2020
Secondary School Leaving Certificate St. Mary's Higher Secondary School - Karaikal, Puducherry. Percentage: 87%	2018

ADDITIONAL INFORMATION

- Technical Skills:** CAD Modeling, Project Management, Quality Inspection, Documentation
 - Languages:** Tamil, English, Kannada
 - Certifications:** Courses attended in CATIA and PTC Creo
 - Awards/Activities:** Received the Best Outgoing Student and Co-Curricular Activities awards, KEC
-

PERSONAL INFORMATION

- Name:** A.Niruthishkumar
 - D.O.B:** 24/06/2003
 - Current role:** Engineer
 - Current working location:** Harohalli, Karnataka.
 - Native location:** Nagapattinam, Tamil Nadu.
 - email:** niruthish24mech@gmail.com
 - Phone:** +91-9626738209
 - Linkedin ID:** <https://www.linkedin.com/in/niruthishkumar-a-40a996219>
-

DECLARATION

I hereby declare that all the information provided above is true and correct to the best of my knowledge.
